REPORT

Report No. 2443

June 21, 2005

Juliette A. Poulson, Director
Health Care Agency
405 W. 5th Street
Santa Ana, CA 92701

The Internal Audit Department facilitated two Control Self-Assessment (CSA) workshops in Health Care Agency (HCA) Contract Management and Development.

After each workshop, we provided the participants with workshop summaries showing their perceived strengths and concerns. As part of the process, team members worked with their management to prepare an internal action plan to address the issues brought forward during the workshop. HCA Contract Management and Development provided us with a combined action plan for both workshops, which included items that had been initiated, planned, or were under development to address their issues.

Both the workshop summaries and action plans are provided by the Internal Audit Department to the Department Head, the CEO, and Deputy CEO for their review and ongoing monitoring.

Following each workshop, facilitators asked participant teams to evaluate the CSA process by anonymously voting on five standard quality assurance statements. The participants reflected high ratings for the CSA process and their individual workshop as indicated by their voting. The average scores from the 22 participants evaluating the CSA process are shown below.

The participants vote by selecting a numerical rating from a scale of 1 through 7. A score of 7 indicates the participants strongly agree with the statement. A score of 4 indicates they neither agree nor disagree. And a score of 1 indicates the participants strongly disagree with the statement.
